

OUR COMMUNITY

We plant roots in a place where the word “neighbor” means a little bit more. We value our quality of life, taking pride in our neighborhoods, schools, civic groups, churches and our health.

And when it comes to health, Hendricks Regional Health has served local families like yours with quality care since 1962.

As the only independent nonprofit health system serving our community, its mission is to ensure that quality health care is available for those who need it, and patients don't have to travel far to find the latest medical technology and advancements in care.

Welcome to our neighborhood, precious one!

PRECIOUS GIFTS

Celebrate the birth of your baby at Hendricks Regional Health with a personalized plate commemorating this special day.

The birth of a child is an extraordinary moment. Parents, grandparents, family and friends can observe this joyous and exciting time in a special way for all to see. This unique and lasting tribute marks the beginning of a life and helps ensure exceptional care of mothers and babies through support for the hospital's Childbirth Center.

With your gift of \$100 to Hendricks Regional Health Foundation, your baby's name and birth date will be added to a personalized plate on the Precious Gifts wall. Your participation gives your child a place of honor in our history and serves as a reminder of how precious new life is.

You may honor big brothers and sisters, too. Additional plates may be purchased to recognize the births of older children.

The Precious Gifts wall also pays tribute to babies whose lives were lost. As an expression of love and sympathy, parents may purchase a memorial plate with the name and birth date of their beloved child. It will be adorned with angel wings.
